Poznań, Poland | Open to relocation to Serbia | +48 690 259 891 | rr1him7@gmail.com

LinkedIn: [linkedin.com/in/oleg-rakhimov-0586322a0](https://www.linkedin.com/in/oleg-rakhimov-0586322a0)

PROFESSIONAL SUMMARY

Customer-focused Polish-speaking professional with legal and administrative education and a technical background in resolving user, product, and operational issues. Experienced in responding to user feedback, investigating problems, explaining solutions in clear non-technical language, maintaining accurate documentation, and following tasks through to completion. Uses Polish daily in a professional environment in Poland and works confidently with remote communication and digital tools. Native Russian speaker with intermediate English, currently based in Poznań and open to relocation to Serbia.

CORE SKILLS

Customer-focused communication in Polish	Email, chat and phone communication	Problem analysis and troubleshooting
Accurate documentation and follow-up	Remote collaboration and digital tools	Professional and empathetic communication

PROFESSIONAL EXPERIENCE

Centrum Zaawansowanych Technologii, Poznań | Android Engineer / Mobile Developer | 2024 - Present

- Develop and maintain an Android application supporting building-maintenance service requests, task tracking, and operational reporting.
- Investigate technical and workflow problems, reproduce issues, implement practical fixes, and provide clear follow-up.
- Prepare structured documentation and PDF reports, helping technicians and administrators work with accurate information.
- Use Polish daily in a professional environment and cooperate with users and colleagues from different professional backgrounds.

Freelance / Independent Projects | Mobile & Backend Developer | 2022 - Present

- Manage applications end to end: requirements, testing, release, user feedback, troubleshooting, and ongoing support.
- Investigate product issues and user feedback, communicate solutions clearly, and improve the user experience.
- Built and supported multilingual applications, including automated localisation workflows for more than 35 languages.

EDUCATION

Post-secondary Vocational Diploma - Administration Technician (Technik administracji) | Poland | 2021 - 2023

University Degree in Law | Russian Federation
